IN THE SPECIFICATION:

Please replace the paragraph extending from page 6, line 23 to page 6, line 26 with the following new paragraph:

a1

Figures ~~8A and 8B~~ <u>8A, 8B and 8C</u> together illustrate a single screen image which depicts simultaneously displaying all part lots of all offerings when all offerings are selected according to the present invention;

Please replace the paragraphs extending from page 18, line 12 to page 18, line 27 with the following new paragraphs:

a2

Figures ~~8A and 8B~~ <u>8A, 8B and 8C</u> together illustrate a single screen image which depicts simultaneously displaying all part lots of all offerings when all offerings are selected from the screen image of **Figure 6** according to the present invention. The part lots included in each offering are grouped according to each offering's type.

Each single screen image of the present invention is preferably a single web page. Those skilled in the art will recognize that some web pages are too large to be completely displayed on a display screen at one time. Therefore, as is well known in the art, a cursor may be used to scroll through the entire page. The single screen image of the present invention is a single web page even though some pages, such as depicted by **Figures ~~8A and 8B~~ <u>8A, 8B and 8C</u>,** are too large to be completely displayed without the need for scrolling through the page.

Please replace the paragraph extending from page 19, line 10 to page 19, line 20 with the following new paragraph:

a3

A potential buyer, thus, may enter a bid for multiple different items from the same screen display. In addition, the buyer may enter bids on different items which are offered using different offer types, or auction types. In the example depicted in **Figures ~~8A and 8B~~ <u>8A, 8B and 8C</u>,** a potential buyer has entered a bid for two different items which are

a3

offered as interactive offers, one item offered as a priced offer, and two items offered as single offers. All of these different bids have been entered from the same screen image. All of the offers are then submitted simultaneously.
